THE
BIOLOGICAL BULLETIN

PUBLISHED BY
THE MARINE BIOLOGICAL LABORATORY

Editorial Board

JOHN M. ANDERSON, Cornell University
JOHN B. BUCK, National Institute of Health
JOHN O. CORLISS, University of Maryland
JOHN D. COSTLOW, Duke University
CATHERINE HENLEY, University of North Carolina
GEORGE O. MACKIE, University of Victoria
F. H. RUDDLE, Yale University
BERTA SCHARRER, Albert Einstein College of Medicine
HOWARD A. SCHNEIDERMAN, University of California, Irvine
GROVER C. STEPHENS, University of California, Irvine
CARROLL M. WILLIAMS, Harvard University
EDWARD O. WILSON, Harvard University
W. D. RUSSELL-HUNTER, Syracuse University
Managing Editor

VOLUME 149
JULY TO DECEMBER, 1975

Printed and Issued by
LANCASTER PRESS, Inc.
PRINCE & LEMON STS.
LANCASTER, PA.

THE BIOLOGICAL BULLETIN is issued six times a year at the Lancaster Press, Inc., Prince and Lemon Streets, Lancaster, Pennsylvania.

Subscriptions and similar matter should be addressed to The Biological Bulletin, Marine Biological Laboratory, Woods Hole, Massachusetts. Agent for Great Britain: Wheldon and Wesley, Limited, 2, 3 and 4 Arthur Street, New Oxford Street, London, W. C. 2. Single numbers, $5.00. Subscription per volume (three issues), $14.00.

Communications relative to manuscripts should be sent to Dr. W. D. Russell-Hunter, Marine Biological Laboratory, Woods Hole, Massachusetts 02543 between May 23 and September 1, and to Dr. W. D. Russell-Hunter, P.O. Box 103, University Station, Syracuse, New York 13210, during the remainder of the year.

Second-class postage paid at Lancaster, Pa.

LANCASTER PRESS, INC., LANCASTER, PA.

CONTENTS

No. 1, AUGUST, 1975

Annual Report of the Marine Biological Laboratory 1

ANDERSON, PETER A. V. AND JAMES F. CASE
Electrical activity associated with luminescence and other colonial behavior in the pennatulid *Renilla köllikeri* 80

BEITINGER, THOMAS L.
Diel activity rhythms and thermoregulatory behavior of bluegill in response to unnatural photoperiods 96

BLAKE, JAMES A. AND KEITH H. WOODWICK
Reproduction and larval development of *Pseudopolydora paucibranchiata* (Okuda) and *Pseudopolydora kempi* (Southern) (Polychaeta: Spionidae) 109

BROWN, JUDITH A.
Sidereal-day variation in spontaneous activity of the mouse, *Mus musculus* 128

BROWN, STEPHEN C.
Biomechanics of water-pumping by *Chaetopterus variopedatus* Renier. Skeletomusculature and kinematics 136

CHIPPENDALE, G. M. AND C.-M. YIN
Reappraisal of proctodone involvement in the hormonal regulation of larval diapause 151

FINGERMAN, MILTON, SUE W. FINGERMAN AND DREW T. LAMBERT
Colchicine, cytochalasin B, and pigment movements in ovarian and integumentary erythrophores of the prawn, *Palaemonetes vulgaris* 165

LYERLA, TIMOTHY A., JOANN H. LYERLA AND MARILYN FISHER
Pigmentation in the orange tunicate, *Ecteinascidia turbinata* 178

MAZURKIEWICZ, MICHAEL
Larval development and habits of *Laeonereis culveri* (Webster) (Polychaeta: Nereidae) 186

MITCHELL, K. A.
An analysis of shell occupation by two sympatric species of hermit crab. I. Ecological factors 205

NIJHOUT, H. FREDERIK
A threshold size for metamorphosis in the tobacco hornworm, *Manduca sexta* (L.) 214

RAVINDRANATH, M. H.
Effects of hydrogen ion concentration on the morphology of hemocytes of the mole-crab *Emerita asiatica* 226

SPENCER, ANDREW N.
Behavior and electrical activity in the hydrozoan *Proboscidactyla flavicirrata* (Brandt). II. The medusa 236

VIA, SARA E., AND RICHARD B. FORWARD, JR.
The ontogeny and spectral sensitivity of polarotaxis in larvae of the crab *Rhithropanopeus harrisi* (Gould) 251

No. 2, October, 1975

Bone, Q. and G. O. Mackie
Skin impulses and locomotion in *Oikopleura* (Tunicata: Larvacea) 267
Calder, Dale R.
Biotic census of Cape Cod Bay: hydroids 287
Fyhn, Unni E. H. and John D. Costlow
Tissue cultures of cirripeds 316
Hamby, Robert Jay
Heat effects on a marine snail 331
Hassall, Mark and J. B. Jennings
Adaptive features of gut structure and digestive physiology in the terrestrial isopod *Philoscia muscorum* (Scopoli) 1763 348
Jones, Jack Colvard
Nonheterosexual behavior in mosquitoes 365
Lund, William A., Jr. and Barton C. Marcy, Jr.
Early development of the grubby, *Myoxocephalus aenaeus* (Mitchill) ... 373
O'Meara, George F. and John D. Edman
Autogenous egg production in the salt-marsh mosquito, *Aedes taeniorhynchus* 384
Stephens, Grover C.
Uptake of naturally occurring primary amines by marine annelids 397
Stross, R. G.
Causes of daily rhythms in photosynthetic rates of phytoplankton. II. Phosphate control of expression in tundra ponds 408
Abstracts of papers presented at the Marine Biological Laboratory 419

No. 3, December, 1975

Azariah, Jayapaul, M. Mohamed Ismail, and M. Ahmed Najib
Investigation on the ecology and respiratory responses of the Hemichordate *Ptychodera flava* to tidal cycles and salinity changes 455
Castrucci, Ana Maria De L., and Erasmo G. Mendes
Ultrastructure of the pigmentary system and chromatophorotropic activity in land isopods 467
Del Pino, Eugenia M., Maria L. Galarza, Carmen M. De Albuja, and A. A. Humphries, Jr.
The maternal pouch and development in the marsupial frog *Gastrotheca riobambae* (Fowler) 480
Egan, W. G., and J. E. Conrad
Summer abundance and ecology of zooplankton in the Gulf Stream 492
Fain, Margery J. and Lynn M. Riddiford
Juvenile hormone titers in the hemolymph during late larval development of the tobacco hornworm, *Manduca sexta* (L.) 506
Fuzessery, Zoltan M., and James J. Childress
Comparative chemosensitivity to amino acids and their role in the feeding activity of bathypelagic and littoral crustaceans 522
Harris, Larry G.
Studies on the life history of two coral-eating nudibranchs of the genus *Phestilla* 539

NEWTON, W. DONALD
The ultrastructure of the aflagellate spermatozoon of the freshwater turbellarian *Hydrolimax grisea* (Platyhelminthes: Plagiostomidae) 551
NIJHOUT, H. FREDERIK
Dynamics of juvenile hormone action in larvae of the tobacco hornworm, *Manduca sexta* (L.) 568
PECHENIK, JAN A.
The escape of veligers from the egg capsules of *Nassarius obsoletus* and *Nassarius trivittatus* (Gastropoda, Prosobranchia) 580
STEELE, R. DUNBAR
Stages in the life history of a symbiotic zooxanthella in pellets extruded by its host *Aiptasia tagetes* (Duch. and Mich.) (Coelenterata, Anthozoa) 590

INDEX

A

Actiniaria, external brooding in, 199
Aggressive behavior, in asteroids, 483
Agonism in asteroids, 483
AIELLO, E. See G. B. STEFANO, 141
Amino acids, nutritional role of in *Aurelia*, 117
AMP, dietary requirement in *Artemia*, 416
Analogues, juvenile hormone in *Dermestes vulpinus*, 320
ANDERSON, R. S., AND R. A. GOOD. Naturally-occurring hemagglutinin in a tunicate *Halocynthia pyriformis*, 357
Annual reproductive cycle, of *Notemigonus crysoleucas*, 402
Anomalous influence of salinity, 26
Anthozoa, reproduction in, 199
Argopecten irradians, shell growth in, 472
Artemia salina, dietary AMP requirement, 416
Ascidian, hemagglutinin, 357
Asterias vulgaris, reproduction of, 461
Asteroids, agonism in, 483
Aurelia, uptake and utilization of glycine by, 117
Astropecten latespinosus Meissner, 49
Autoradiographic study of crustacean tissue, 440

B

BARNES, C. D. See J. F. WERMUTH, 344
Bean seeds, water uptake, 370
Behavior, in asteroids, 483
  starfish, 68
  Turbellaria, *Neochildia fusca* n. sp., 35
BETZER, S. B., AND M. E. Q. PILSON. Copper uptake and excretion by *Busycon canaliculatum* (L.), 1
BETZER, S. B., AND P. P. YEVICH. Copper toxicity in *Busycon canaliculatum* (L.), 16
Biochemical composition in *Thais*, 448
Biology, of *Myzobdella*, 193
  of *Neochildia fusca* n. gen., n. sp., 35
Bivalves, reproductive physiology of, 243
  shell-growth in, 472
BLACKWELDER, P. L. See A. P. WHEELER, 472
BLANQUET, R. S., AND B. WETZEL. Surface ultrastructure of the scyphopolyp, *Chrysaora quinquecirrha*, 181
Blattella germanica, molting cycle of, 259
Brachiolaria stage, lacking in *Astropecten*, 49
BRADLEY, B. P. The anomalous influence of salinity on temperature tolerances of summer and winter populations of the copepod *Eurytemora affinis*, 26
Branchial ventilation in fishes, 85
Brooding, external, in *Epiactis*, 199
BROWN, F. A., JR., AND C. S. CHOW. Non-equivalence for bean seeds of clockwise and counterclockwise magnetic motion: a novel terrestrial adaptation?, 370
BUSH, L. Biology of *Neochildia fusca* n. gen., n. sp. from the northeastern coast of the United States (Platyhelminthes: Turbellaria), 35
Busycon, copper regulation in, 1
  copper toxicity in, 16

C

Callinectes sapidus, infestation in, 193
Campanularia flexuosa, effects of radiation on, 344
Cancer irroratus Say, eyestalk removal, 440
CARR, W. E. S., AND S. GURIN. Chemoreception in the shrimp, *Palaemonetes pugio:* comparative study of stimulatory substances in human serum, 380
Cecropia silkworm, metamorphosis, 429
Chemoreception, in the shrimp, 380
Childia groenlandica (Levinson, 1879), 35
Childia spinosa Graff (=*groenlandica*), 35
CHOW, C. S. See F. A. BROWN, JR., 370
Chrysaora, surface ultrastructure of, 181
Ciliary currents, scyphopolyps, 181
Clams, gonad development in, 243
Cnidaria, effects of radiation on, 344
Coagulation process, in *Emerita asiatica*, 286
COCHRAN, R. C., AND F. ENGELMANN. Environmental regulation of the annual reproductive season of *Strongylocentrotus purpuratus* (Stimpson), 393
Cockroach, molting cycle of, 259
Cocoons, *Myzobdella lugubris*, 193
Comanthus japonica, reproductive cycle of, 219
Control, of corpora allata function, 106
Copper, regulation of in *Busycon*, 1
  tissue concentrations of, 16
  uptake from toxic concentrations, 16
Corpora allata, control of, 106
Crab larvae, depth regulation of, 333
Crinoidea, gonadal development in, 219

D

DANIELS, B. A., AND R. T. SAWYER. The biology of the leech, *Myzobdella lugubris*, infesting blue crabs and catfish, 193
Daylength, and *Notemigonus* reproduction, 402
DE VLAMING, V. L. Effects of photoperiod and temperature on gonadal activity in

the cyprinid teleost, *Notemigonus crysoleucas,* 402
Death sites, of *Drosophila* population, 274
Dermestes vulpinus, respiratory metabolism in, 320
Destalking, effects on Y-organs of *Cancer irroratus* Say, 440
Development, of the sea-star, 49
cycle, hard clams, 243
Dopamine, localization of, 141
Drosophila, behavior of, 274
DUNN, D. F. Reproduction of the externally brooding sea anemone *Epiactis prolifera* Verrill, 1869, 199

E

Ecdysterone, effect of on *Dermestes,* 320
Echinoderms, social behavior, 483
gonadal development in, 219
respiration in, 157
Echinoidea, oxygen consumption in, 157, 165
reproductive cycles in, 165
Electrocardiograms in swimming fish, 85
Electromyograms, branchial muscles of fishes, 85
Emerita asiatica, effect of temperature on, 286
Emigration, socially-induced in *Drosophila,* 274
ENGLEMANN, F. See R. C. COCHRAN, 393
Environmental regulation, of reproductive season of *Strongylocentrotus purpuratus,* 393
Epiactis prolifera, reproduction in, 199
Eurytemora affinis, 26
Eyestalk removal, of *Cancer irroratus* Say, 440

F

Feeding behavior, in asteroids, 483
in *Palaemonetes pugio,* 380
Food uptake by *Pinnotheres maculatus,* 60

G

Galleria mellonella, larvae, 106
Gamma-radiation, dose response effects on *Campanularia,* 344
Gastropoda, reproduction in, 448
Geographic effects, on gonad cycle in hard clams, 243
GIESE, A. C. See S. K. WEBSTER, 165
Gill ventilation, in fishes, 8
Glycine, uptake and utilization of, by *Aurelia aurita,* 117
Gonad, activity, in *Notemigonus crysoleucas,* 402
cycle in hard clams, 243
cycle, seasonal variation in hard clams, 243
development in *Comanthus,* 219
Gonoduct, of *Asterias vulgaris,* 461
GONOR, J. See I. POLLS, 68
GOOD, R. A. See R. S. ANDERSON, 357
GRANGER, N. A. See F. SEHNAL, 106
GRIMMER, J. C. See N. D. HOLLAND, 219
Growth functions, effects of radiation on *Campanularia,* 344
GURIN, S. See W. E. S. CARR, 380

H

Halocynthia pyriformis, hemagglutinin, 357
Hemagglutinin, naturally-occurring, 357
Hemocyanin, in *Busycon,* 1
Hemocytes, morphology of in *Emerita asiatica,* 286
Henricia leviuscula, righting methods, 68
HERNANDORENA, A. Metabolic significance in nucleic acid metabolism and protein synthesis of dietary AMP requirement in *Artemia salina* (L.), 416
Histofluorescent localization of serotonin and dopamine, 141
Histology, of the gonoduct of *Asterias vulgaris,* 461
Histopathology, of copper in *Busycon,* 16
HODKOVA, M. See K. SLAMA, 320
HOFFMAN, D. L. See F. P. SIMIONE, JR., 440
HOLLAND, N. D., J. C. GRIMMER AND H. KUBOTA. Gonadal development during the annual reproductive cycle of *Comanthus japonica* (Echinodermata: Crinoidea), 219
Human serum, stimulatory substances in, 380
Hydrodynamics, fish ventilation and swimming, 85
Hypermetabolism, in *Dermestes,* 320

I

Ictalurus catus, infestation in, 193
Insects, hormones and bioanalogues, 303
Isotope incorporation, diurnal growth, 472

J

Juvenile hormone, covert effects of, 429
inducing delay of metamorphosis, 429
Juvenile sea-star of *Astropecten,* 49

K

KECK, R. T., D. MAURER AND H. LIND. A comparative study of the hard clam gonad developmental cycle, 243
KOMATSU, M. On the development of the sea-star, *Astropecten latespinosus* Meissner, 49
KRUCZYNSKI, W. L. A radioactive tracer study of food uptake by *Pinnotheres maculatus* in molluscan hosts, 60
KUBOTA, H. See N. D. HOLLAND, 219
KUNKEL, J. G. Cockroach molting. I. Temporal organization of events during molting cycle of *Blattella germanica* (L.), 259

L

Larvae, of *Busycon*, copper in, 1
of *Galleria mellonella*, 106
Lectin, tunicate, 357
Leptasterias aequalis, righting methods, 68
Leptodius floridanus, influence of light on, 333
Life-history, Turbellaria, *Neochildia fusca* n. sp., 35
Light, effect on crab larvae, 333
LIND, H. See R. T. KECK, 243

M

Magnetic motion, clockwise and counterclockwise, 370
Magnets, rotating, 370
Mantle, shell, in *Argopecten*, 472
MAURER, D. See R. T. KECK, 243
Metabolic significance, of dietary AMP requirement in *Artemia salina*, 416
Metamorphosis, of *Astropecten*, 49
of the viscera of the Cecropia silkworm, 429
Methyladenine, for maturation and spawning in sea-star, 49
MILKMAN, R. Specific death sites in a *Drosophila* population cage, 274
Mineralization, molluscan, 472
Molluscs, reproductive strategies, 448
reproductive physiology of, 243
Molting cycle, of *Blatella germanica*, 259
Morphology, of the gonoduct of *Asterias*, 461
Mortality, socially-induced in *Drosophila*, 274
Muscle, of *Squalus acanthias*, 303
Mytilus edulis, nervous system of, 141
Myzobdella, seasonal abundance of, 193

N

Neochildia fusca n. gen., n. sp., biology of, 35
Nitrogenous constituents in plasma of *Squalus acanthias*, 303
Non-equivalence, magnetic rotation, for bean seeds, 370
Notemigonus crysoleucas, gonadal activity, 402
Nucleic acid metabolism, significance in, 416

O

Olfaction, effect on feeding behavior, 380
Oocytes, volume fluctuations in, 219
Oogenesis, in Crinoidea, 219
Osmolality, of *Squalus acanthias*, 303
Oxygen consumption, in echinoderms, 157, 165
in echinoids, 165
in insects, 320

P

Palaemonetes pugio, chemoreception in, 380
Panopeus herbstii, influence of light on, 333
Photic responses, of crab larvae, 333
Photoperiod, effect on gonadal activity, 402
PILSON, M. E. Q. See S. B. BETZER, 1
Pinnotheres maculatus, food uptake, 60
Plasma, of *Squalus acanthias*, 303
Platyhelminthes: Turbellaria, 35
POLLS, I., AND J. GONOR. Behavioral aspects of righting in two asteroids from the Pacific coast of North America, 68
Population, density control, of *Drosophilia*, 274
summer and winter, and thermal tolerance, 26
Prosobranchia, reproduction in, 448
Protein metabolism, in *Artemia*, 416
Pupal differentiation, and juvenile hormone, 429

R

Radiotracer copper in *Busycon*, 1
Ram ventilation, in fish gills, 85
RAVINDRANATH, M. H. Effects of temperature on the morphology of hemocytes and coagulation process in the mole-crab *Emerita* (=*Hippa*) *asiatica*, 286
Recovery, thermal shock in *Eurytemora*, 26
Regeneration, effect of on molting cycle in *Blatella*, 259
Regulation, of copper in *Busycon*, 1
Reproduction, in Crinoidea, 219
in echinoids, 165
in *Epiactis prolifera*, 199
of *Strongylocentrotus purpuratus*, 393
of *Notemigonus crysoleucas*, 402
in *Thais lamellosa*, 448
Reproductive systems of sea-stars, 461
Respiratory reflexes in swimming fish, 85
RIDDIFORD, L. M. Juvenile hormone-induced delay of metamorphosis of the viscera of the Cecropia silkworm, 429
Righting methods, in asteroids, 68
RNA synthesis, control in crustacean molt-cycle, 440
ROBERTS, J. L. Active branchial and ram gill ventilation in fishes, 85
ROBERTSON, J. D. Osmotic constituents of the blood plasma and parietal muscle of *Squalus acanthias* (L.), 303
Rotation, effect on bean seed growth rate, 370

S

Salinity and temperature in *Eurytemora*, 26
SAWYER, R. T. See B. A. DANIELS, 193
Scyphopolyps, surface ultrastructure of, 181
Sea urchins, comparative respiration of, 157
SEHNAL, F., AND N. A. GRANGER. Control of corpora allata function in larvae of *Galleria mellonella*, 106
Serotonin, localization of, 141
Sevin, effects on copper, 1
Shell growth, in the scallop, 472
SHICK, J. M. Uptake and utilization of dissolved glycine by *Aurelia aurita* scyphistomae: temperature effects on the uptake

process; nutritional role of dissolved amino acids, 117
SIMIONE, F. P., JR., AND D. L. HOFFMAN. Some effects of eyestalk removal on the Y-organs of *Cancer irroratus* Say, 440
Skeletal system, *Astropecten*, 49
SLAMA, K., AND M. HODKOVA. Insect hormones and bioanalogues: their effect on respiratory metabolism in *Dermestes vulpinus* (L.), 320
Spermatogenesis, in Crinoidea, 219
in *Notemigonus*, 402
Squalus acanthias, osmotic constituents of, 303
STEFANO, G. B., AND E. AIELLO. Histofluorescent localization of serotonin and dopamine in the nervous system and gill of *Mytilus edulis* (Bivalvia), 141
STICKLE, W. B. The reproductive physiology of the intertidal prosobranch *Thais lamellosa* (Gmelin). II. Seasonal changes in biochemical composition, 448
Strongylocentrotus purpuratus (Stimpson), reproductive season of, 393
SULKIN, S. D. The influence of light in the depth regulation of crab larvae, 333
Surface, epidermal, of the scyphopolyp, 181
gastrodermal, of scyphopolyp, 181
Swimming and gill ventilation in fishes, 85

T

Temperature, effect of on morphology in *Emerita asiatica*, 286
effect on gonadal activity, 402
effects on uptake process, 117
Territorial behavior, in the asteroid, *Patiria miniata*, 483
Thais lamellosa, reproductive physiology of, 448
Thermal tolerance, in *Eurytemora*, 26
Toxicity, of copper in *Busycon*, 16
Tunicate, hemagglutinin, 357
Turbellaria, biology of *Neochildia*, 35

U

Uptake of glycine by *Aurelia*, 117
Uridine uptake, by crustacean molting gland (Y-organ), 440

V

Ventilation in fishes, 85
Vitellogenesis, in *Notemigonus*, 402

W

WALKER, C. W. Studies on the reproductive systems of sea-stars. II. The morphology and histology of the gonoduct of *Asterias vulgaris*, 461
Water uptake, by bean seeds, 370
